Rs 13,333/- : Rules & Regulations for Stopping This Plan

There are two regulations for this plan. The plan will be stopped in two situations:

- A) Death : in case of death, the balance amount will be refunded as per the minimum calculations, minimum charging for maximum refund as per the consumption. The plan can be transferred to any other elder as per the wish of hirer.
- B) Disharmony : This plan is basically meant to reach for middle class and BPL elders of the society. If someone starts this plan of Rs. 13,333/-, initially takes disadvantage of the plan and then says that he/she wants to stop it in midway, in such situation he/she will have to pay as per the Routine Visit Charges of IHCM. He/she will also be charged for the Complimentary Works done by us. This is for avoiding misuse of this product. Here there will never be full refund, this point should be noted.
- C) No patient or Family Member can Pre-pone or Postpone the visit on their own. He or She cannot avoid the visits on ground of being busy or in good health. These are computerized programs and if the visit could not be done because of non co-operation of patient or family member, that visit will be automatically cancelled and marked as Not Available [NA] on that date.
